**SCOTT SHARES SOME CLOSING
THOUGHTS WITH CCM**

I have been a short-term chair of the CCMLT. It has been a rewarding experience as I have gotten to watch the beginning of the changing of the guard. During the past couple of years we have seen two younger saints join the team and give significant leadership ministry (especially in organizing Celebration 2017 our biggest effort each year).

Two additional members are now joining the team and I look forward to seeing their giftedness expressed. The team overall will be a bit younger and more energetic I believe in the coming year. This is exciting! But not just the team needs to be transitioning, but new people need to step up and lead our expression ministries.

Each of us needs to look at what we envision for the future of CCM
