

To all in the CCM Network –

It is only a month away and we will be gathering to Saint's Grove, Oklahoma for Celebration 2017. Have you got your registration sent in? Just as important have you begun your spiritual preparation for our shared experience?

Do you know people who would benefit from being in an atmosphere of praise, prayer, preaching & teaching for a week? Do you have friends that are among the bruised and broken-hearted and need the healing prayers that are available during Celebration? Have you invited them yet? I would challenge everyone planning to come to this year's celebration to invite at least one person to come to Celebration. We will experience a week that should be shared beyond our present circle of fellowship.

Further I would ask each of you to pray for Celebration 2017 each day until the beginning of Celebration. I would remind you that fasting intensifies prayer. Please consider adding fasting for Celebration with your prayers for a Spirit-led week. We live in an age of great challenges in our walk with the Lord and this week will strengthen us to live victoriously.

Lastly there are those of you who will not be able to come to Celebration this year for a variety of reasons. Please consider inviting people to come anyway as well as praying and fasting for our gathering. Our invitations, prayers and fasting will impact Contemporary Christian Ministries not only for this weekend but on into our ministries future.

God's richest blessings be yours, Scott Norwood, CCMLT Chair
